

Beautiful Manukau

Greetings from the Manukau Beautification Charitable Trust team. The Trust promotes, supports and undertakes programmes, actions and initiatives to beautify Auckland. We achieve this with the help of Auckland Council, our sponsors and the community.

Eye on Nature

Eye On Nature, a fun environmental educational event run by the Manukau Beautification Trust, will return in April 2014 to the Auckland Botanic Gardens. From 9-11 April we will host 1500 school students, then on **Saturday 12 April** (put it in your diary now!) the event opens to the public. We are looking for volunteers to help run this event, so if you would like to assist please contact Barbara Carney on 269 4080.

Graffiti Stats

At the Trust we continue to work hard on graffiti management. Each day we field calls from people whose property has been defaced. We aim to remove graffiti within 24-hours of being notified.

Here is a snapshot of the past year - the spike in June 2013 reflects the Trust's expansion of services into Papakura and Otahuhu.

Recycling of old TVs

Going Digital means that December will be season of the unloved television. The Trust has been selected as a provider of the government's TV Takeback scheme.

For just \$2, people can drop their old TVs into our depot for recycling, or for an additional \$5 we will pick them up.

Town Centre Makeovers

One of the first things Bill McEntee (pictured right) did in his new role as Papakura Local Board Chair was to roll up his sleeves and give his town centre a good scrub! Manukau Beautification Trust partnered with Manurewa and Papakura business associations to coordinate the recent town centre make-overs.

Thanks to hundreds of community volunteers the town's business areas were washed, weeded, painted and swept, rejuvenating them in time for summer.
